# SUNSHINE

It is good to see so many quilters coming out to enjoy our Thursday sew days and business meetings. Hopefully this is an indication that we are all remaining healthy.

However, as we know, "life happens" and sometimes we all need a little CHEER.

If you know of any of your fellow quilters who are in need of a little cheer, for whatever reason, please do not hesitate to let me know.

Also, a reminder that if you know of anybody who would like assistance in getting out to a meeting, please let the executive know so we can arrange for that assistance.

Thanks, stay safe and healthy.

Because room is somewhat limited, we will not be able to accommodate quilts larger than small lap quilts. Wall hangings, placemats, coasters, wallets etc., are always popular so have fun using up your scraps!

If you wish to sell items, please let **Anne McCullough** know via **email** ASAP so that she can get the information out to you in plenty of time.

### Community Quilts Program

Guild members have been very busy contributing to Community Quilts. 14 quilts were shown and celebrated at the General Meeting this month. It is so great to see the excellent handiwork and creativity in the quilts donated to organizations who support people in the Comox Valley.

Soroptimist Courtenay has reached out requesting placemats. Soroptimist Courtenay has been distributing placemats we have provided in their SoroptiPak which is given to women leaving Lilli House or entering Amethyst House. If you have any placemat sets of 2 or 4 you would like to donate to this community organization, please leave them at the guild meetings on Thursday at the Community Quilts table.

### Breast Cancer Comfort Kits

- There are kits available in the storage room, as well as a container for completed kits.
- There will be a tutorial on April 11 at 9:30 for anyone who is interested in making a Breast Cancer Comfort kit. You can make a kit there, or just watch and see how it is done. Additional kits will be available at the hall on April 4 (meeting day) if you would like to pick one up before hand, or they will be available on April 11.
- I can always use any batting scraps for the batting in the bags. The long strips that are cut off the end of a basted quilt are great - at least 3" wide and 80 /20 batting is preferred. Puffy, thick batting does not really work.

I would like someone to take over for me next year. It would involve making up kits, collecting them and distributing them to Breast Cancer Support. If anyone is interested in doing this, please contact me for additional information. Myra Shearer

The Community Quilts block for this month will be available the third Thursday of March. Thank you to Gayle for organizing this block. Feel free to bring finished blocks from previous months to the guild meetings and leave them at the Community Quilts table.

New kits are being put together frequently. They can be to make quilt tops, quilt a finished top or bind and label a quilt. Thank you to all who have helped in making kits and finishing them. Kits are available at the Community Quilts table on Thursdays.

- Seniors - 40" x 50" or 45" x 45" (Suitable for use while in wheelchair)

## **WALK: Master Machine Quilting with Your Walking Foot**

Jacque Gering  
Lucky Spool Media 2016

Guild Library # 631

How many of us have a walking foot or dual feed foot for our machine?

How many of us use this accessory mainly for 'stitch in the ditch' or straight lines?

Well, we (including myself) are not taking advantage of all that the walking foot can do! Borrow "**WALK**" and try out some of Jacquie Gering's ideas.

This book covers the basics of using the walking foot, in addition to preparing the quilt, marking, managing large quilts, preventing puckers and keeping lines straight.

Chapters include a variety of types of walking foot quilting, including channel quilting, matchstick quilting and decorative stitch quilting. Spirals, simple curves and marked curves such as braids and clamshells are included, too. With some walking feet, you can even stitch in reverse (see 'twigs' pg.114).

"WALK" is a user friendly instruction book with super instructions, photographs and diagrams to guide you every step of the way. Many tips are included to simplify quilting - the one she uses for securing stitches at the beginning and end of a line of stitching is just so simple (see pg. 29)!

Now that we know the walking foot isn't limited to straight lines designs, check out the chapter on **Gentle Curves**, which includes echo quilting, sectioned curves and the 'orange peel' design with many of its variations.

## Comox Valley Schoolhouse Quilters' Guild

[www.schoolhousequilters.com](http://www.schoolhousequilters.com)

*(Continued from page 16)*

Getting into Marked Curves, your walking foot will take on more serious curves such the clamshell design, stem and leaf design, braided curves or nested curves. Perhaps you thought these could only be done well on a long-arm?

As a challenge, I tried making a sample Geometric Curve using the square (quadrilateral) variation - it worked! Curved designs are created by quilting straight lines only, but with the magic of math, you end up with gently curved sections spiraling in to the centre.

In the mid 1800's, a lady named Mary Boole invented this family of designs, which is often translated into string art. In this book, the author has also included a triangle variation, resulting in another interesting project.

From straight line quilting, which goes way beyond 'stitch in the ditch' and 'crosshatch', you can see so many more possibilities for use of the walking foot. Even the simple diamond (crosshatch on a diagonal) becomes a thing of beauty when more straight lines are added to make the 'double diamond' or 'nested diamond' pattern.

This book has so much to offer! The author has a second book on the walking foot, "**WALK 2.0**" takes you beyond the basics with new designs and tips for getting the most out of your walking foot.

Get that walking foot really working to show what it can actually do!

## Comox Valley Schoolhouse Quilters' Guild

[www.schoolhousequilters.com](http://www.schoolhousequilters.com)

Hello ladies,

We just wanted to provide you with an update on the guild refreshments.

This month those members whose last names begin with M are asked to bring a small donation of goodies to the March 7th meeting if they wish.

For those new members the charge for coffee or tea is \$5 for the year or 50 cents a cup. This fee also covers you for sewing days so it is a real bargain if you pay the \$5. As the year is half over you could pay \$3.00 for now until September.

We will be managing the tea room for the upcoming quilt show and need volunteers to help us. We will have everything organized by the end of April but Kathy will be away for most of May including the show. So Colleen needs a partner to help with last minute purchases of milk and cream and the set up and running of the tea room over the show days. Is there anyone with some experience who could help us? We will also have sign up sheets for volunteers while the show is on. Those people will help serve tea and coffee and goodies and clean up.

We thank everyone for their help at the show and meetings. If anyone wants to be more involved we would welcome your ideas or assistance.

Thank you  
Kathy Rankin
