

Mystery Quilt - Saturday, March 23, 2019

This year's Quilt has two colours, contrast is important to highlight the design. Fabric amounts given will make a 40" x 48" top without borders, 5 blocks x 6 blocks, using 8" finished blocks.

If you wish to make this smaller or larger, please feel free to do so. Fabric amounts **do not** include borders and bindings. Borders and bindings should be the same colours to carry out the effect of a two colour quilt. Everyone has their own preference for size of borders; this is why the amounts are not included

Colour 1 - 1.25 m

Colour 2 - 1.25 m

You will also need some template material, plastic or cereal box work fine. A marking pencil that contrasts with your fabric.

Please insure your machine is in good working order and bring all basic sewing supplies.

This is a great technique to get a square in a triangle without cutting and sewing triangles. Any questions please ask.

See you there.
